

Clinical Psychologist

About us:

Established over 25 years ago, Medcan is a global leader in assessing clients' overall well-being and inspiring them to live well. Medcan has a comprehensive range of diagnostic assessments, which, in combination with innovative programs tailored to specific needs, are designed to successfully reach improved health outcomes. Over 65 physicians and specialists, alongside a broad roster of complementary health care disciplines, provide health and lifestyle management services on site and by video consult for individuals, families and organizations. Our team of 500 staff see clients physically and virtually from our downtown Toronto location.

The Role:

Medcan is recruiting for a licensed Clinical Psychologist to join our high-performing and fast-growing team of clinicians within our Live Well Mental Health program. The Clinical Psychologist will have the opportunity to see clients for ongoing care in private practice.

The Accountabilities:

- Conducting independent psychological assessments; providing diagnoses and recommendations for ongoing treatment as appropriate
- Developing and communicating client-centered treatment plans that meet both client goals and address the client's psychosocial and behavioural challenges
- Providing empirically validated treatment measures; training and experience in Cognitive Behavioural Therapy an asset
- Collaborating with the client's existing treatment team to coordinate care
- Maintaining documentation as required
- Provide exceptional client experience and client centred care
- Follow Medcan procedures for all documentation, timelines, coordination with internal teams and follow up care
- Adhere to standards of best practice

The Requirements:

- Ph.D. in Clinical Psychology or Psy. D
- Current registration in good standing with the College of Psychologists of Ontario
- Minimum 3-5 years clinical experience with adults, preference working with executives
- Declared competency in Health Psychology an asset
- Demonstrated skills with cognitive-behavioural treatment of adults and/or other effective evidence-based practices
- Superior organization and time management skills
- Excellent written and verbal communication skills
- Strict adherence to the College of Psychologists of Ontario's Standards and Professional Conduct

- Professional references
- Exceptional interpersonal skills, with the ability to respectfully and tactfully interact with a variety of internal and external stakeholders
- Proficient in Microsoft Office: Word and Outlook

This is an Independent Contractor role scheduled for 2 days per week on Saturday and 1 weekday. The role reports to the Vice-President, Live Well programs with clinical oversight from the Clinical Director, Psychology.

The position comes with a great working environment and an attractive and competitive rate and an opportunity to grow at one of Canada's 50 Best Managed Companies. The position offers outstanding wellness benefits through Medcan's unique Live Well program.

We can offer you a great work environment and an opportunity to let your creativity and excellence shine. In your cover letter please include why you wish to align yourself with Medcan and how you believe you can add value to our organization.

Qualified applicants are invited to apply to hr@medcan.com with their resume and cover letter in MS Word or PDF format.

We thank all applicants for their interest; however only those selected for an initial interview will be contacted.
