

CBT Associates beacon

Now Hiring!

Psychologist/Psychological Associate

Date: March 28th, 2019

Status: Full Time or Part Time

Location: Greater Toronto Area: (Downtown, Etobicoke, North York, Aurora)

The MindBeacon Group

Since 2002, we have been a leading provider of Cognitive Behavioural Therapy and other evidence-based therapies. We are comprised of CBT Associates, MindBeacon Health and MindBeacon Software.

About CBT Associates (www.cbtassociates.com)

We are a large, well-established and rapidly growing network of clinics that provides evidence-based psychological services to children, adolescents, adults and couples. Our psychologists and psychological associates have expertise in CBT, DBT, ACT and MBCT treatment approaches for a wide range of populations and problems.

Working at CBT Associates will also provide you access to the BEACON platform to use as part of your regular practice. BEACON was first introduced in 2016 as an in-clinic innovation to enhance delivery and measurement of CBT and launched in 2017 as a fully digital experience providing treatment through digitally-delivered CBT with the one-on-one support of a dedicated therapist.

The Role

This is an outstanding opportunity to join a cohesive team of clinicians dedicated to providing gold standard treatment in the provision of evidence-based treatments in a collegial and stimulating environment. Psychologists in Supervised Practice with the CPO are welcome to apply. We are also interested in speaking to Psychologists with established practices who are interested in joining our network of clinics.

The ideal Psychologist or Psychological Associate candidate for position has:

- Extensive training and experience in providing CBT (DBT, MBCT, or ACT is also highly desirable)
- A desire to build or expand clinical experience in a private practice setting
- Experience with or interest in return to work and disability management

The Perks:

- ✓ The chance to be at the forefront of a new mental healthcare paradigm in Canada
- ✓ Weekly rounds and bi-weekly training sessions
- ✓ Opportunities for advancement (Provide Supervision, Project Leads, Clinical Directorship, etc.)
- ✓ Full time salaried positions (with benefits!) or flexible hours in a part-time capacity
- ✓ Beautiful offices in convenient locations
- ✓ Trained Intake and Administrative staff

Requirements:

- Masters or PhD in Clinical Psychology
- Registered with the College of Psychologists of Ontario (proof of registration or eligibility required)
- Able to provide 2+ professional references

How to Be Considered:

Please send a cover letter and resume to [hiring@cbtassociates.com](mailto: hiring@cbtassociates.com).
