Position Summary

The Ontario Shores Centre for Mental Health Sciences seeks a full-time registered psychologist to provide psychological services for Transitional Aged Youth (16 years to 24 years). Through collaboration between the Adolescent Outpatient Service and the Integrated Community Access Program, the psychologist will work with an interprofessional team to provide evidence-based clinical assessments (psychoeducation and diagnostic clarification) and treatment (short-term, evidence based stabilization). Position responsibilities may include providing consultation to interprofessional team members, supervising students, as well as initiating research projects (e.g., quality improvement and program evaluation initiatives) and clinical supervision of treatment modalities that include but are not limited to CBT, DBT, and IPT..

Qualifications Required and Preferred

- Licensed clinical psychologist with competencies to work with both adolescent and adult populations, registered with the College of Psychologists of Ontario.
- Doctoral level degree in psychology
- Preferably 3 years clinical and/or research experience in the field of severe and persistent mental illness
- Demonstrated skills to work with an interprofessional team, particularly those in transition
- Expertise in developing assessment protocols for psycho-educational testing and diagnostic clarification of adolescents with a serious mental illness is important
- Experience providing, teaching and supervising short-term evidence-based psychotherapies (DBT, CBT, IPT) and contributing to evidence-based clinical management of transitional aged youth is key
- Demonstrated interest and aptitude for academic activities, including teaching graduate students and the ability to conduct independent research relevant to the Transitional Aged Youth Program are definite assets
- Excellent oral and written communication skills, interpersonal skills
- The ability to work effectively in a dynamic team environment, are essential

Closing Date
