

***Unique Practice Opportunities at CFB Kingston
Seeking Full Time or Part Time Clinical Psychologists***

If you are:

- a registered psychologist with authorization for autonomous practice with a provincial licensing body
- a graduate of an accredited university with a Master or Doctoral Degree in Clinical Psychology
- experienced with psycho-diagnostic assessment and with the treatment of PTSD, anxiety disorders, and mood disorders

...then Calian has an opportunity for you!

Our health service providers work in partnership with military teams providing quality care to Canadian Armed Forces members at Canadian Forces Base Kingston and students at the Royal Military College.

Why Calian?

- Collaborative clinic settings
- Exceptional access to treatment resources
- Time for administrative duties
- Motivated clients and diverse presenting issues
- No overhead or administrative costs
- Emphasis on work-life balance

Your Key Duties:

- Providing psycho-diagnostic assessments with an adult population including differential diagnosis
- Providing professional services related to the diagnosis, assessment, evaluation, treatment and prevention of psychological, emotional psycho-physiological, and behaviour disorders with an adult population
- Administering appropriate diagnostic tests for psychometric assessment, interpreting the results, and preparing psychological evaluations
- Reporting results and interpretations of tests, interviews, and evaluations to the multi-disciplinary team
- Providing treatment of a variety of mental health conditions for Canadian Armed Forces members using evidence-based practice including the use of Cognitive Behavioural Therapy and trauma processing therapies along with other modalities of therapy
- Participating as a member of the multi-disciplinary mental health team in case reviews
- Leading and participating in the development, instruction, and counselling during sessions for specific mental illness such as anxiety, PTSD, depression and stress management
- Assisting in the identification, development, and evolution of mental health programming
- Creating and maintaining patient records in a timely manner

Opportunities are limited!

Call today for more information on how you can contribute to this dynamic team. A tour of the clinic environment can be coordinated for interested candidates.
