

Psychologist/Psychological Associate

BRIEF JOB DESCRIPTION:

Opportunity to practice full-time or part-time in an established, dynamic multi discipline practice. Psychologists/Psychological Associates who wish to travel from other centres to practice for a day or two per week would be welcome. The practice has a diverse referral base, providing psychologists the opportunity to specialize in a particular area and provide a variety of assessment and treatment services. Services are provided in Central and Southeastern Ontario. Assessment services include psychoeducational and psychological assessments of children and adolescents; adult psychovocational and psychological assessments (custody and access; parenting capacity; accident victims); and forensic assessments. Opportunity for treatment services include individual, couple and family therapy; chronic pain management; acquired brain injury rehabilitation. Consultations and training are provided to local agencies.

QUALIFICATIONS:

Registration or eligible for registration in Ontario; excellent written and oral communication skills.

ADDITIONAL COMMENTS:

Quinte Assessment and Treatment Group Inc. was established in 1986 and continues to expand and diversify, continually welcoming new ideas and challenges. Our practice provides a full range of psychometric services. This position offers a congenial working atmosphere in an attractive geographical location offering an enjoyable lifestyle. Southeastern Ontario provides innumerable professional opportunities and an unhurried, outdoors-oriented lifestyle. Our main office is located in a large century home in downtown Belleville, close to Lake Ontario and waterfront trails. For more information about the practice please visit www.qxplore.com.
