

The Cognitive and Interpersonal Therapy Centre (CITC) is currently seeking Psychologists and/or Registered Psychotherapists to join our dynamic team. Our office, located at Yonge and Eglinton, has been a thriving practice since 2003. Successful applicants will work remotely as services to clients are currently provided virtually. Applicants from all over Ontario are welcome.

CITC brings together a group of Clinical Psychologists, Psychological Associates, and Registered Psychotherapists who have extensive experience in Cognitive Behavioural Therapy (CBT) and Interpersonal Psychotherapy (IPT). We offer treatment to children, adolescents, adults, couples and families, and provide consultation for an array of concern including: mood and anxiety disorders, OCD, eating disorders, trauma, insomnia/sleep disorders, interpersonal and relationship issues, and stress management.

CITC is currently seeking to recruit clinicians to deliver assessment and treatment services to adults and/or adolescents and children in these clinical areas. We are especially interested in individuals with established CBT experience, as well as those who offer couples counselling. IPT training can be provided. At CITC we have great learning opportunities, including monthly rounds, seminars, and access to our vast array of online resources.

Interested applicants should submit email or letter and CV directly to Dr. Carolina McBride, Ph.D., C. Psych at mcbride@citcassociates.com. Applicants must be registered or eligible to register with the College of Psychologists of Ontario, or registered with the CRPO. Calls or emails of inquiry before making a formal application are welcome.
