

Position: School or Clinical Psychologist

At Bright Lights Psychology Clinic, we are a collaborative, interdisciplinary team of Psychologists, Clinicians, Academic interventionists and Educators who are committed to providing the highest quality of care. Our mission is to help children, adolescents and their families thrive.

We are an innovative practice involved in:

- Assessment
- Therapy
- Developing Remote Assessment Guidelines for the Ontario Psychological Association (OPA)
- Supporting Northern Indigenous Communities through assessments, therapy and local training programs
- Supervised Academic Intervention: direct-instruction, evidence-based programs targeted to improve specific academic skills.

We are seeking full and part time Psychologists to join our team.

Duties and Responsibilities

- Accepts and works within the mission, vision, framework, and goals of Bright Lights Psychology Clinic.
- Provide psychological assessments, including administering and interpreting psychometric measures used for children/youth and the ability to produce detailed recommendations and comprehensive reports
- Provide interpretation of psychological or psychometric findings and communicate diagnoses to clients, parents, clinical staff and community professionals as required.
- Work effectively as an integral part of a multidisciplinary team to provide the psychology lens in case and program consultation.
- Knowledge and experience with evidenced-based/ evidence-informed therapeutic interventions
- Participate in case conference meetings to inform, assess and provide consultation for treatment or academic intervention.
- Participate in peer consultation with the Psychology team.

Qualifications:

- Doctoral Degree / PhD in School or Clinical psychology
- Membership in good standing with the College of Psychologists of Ontario
- Those who are in the process of registering with the College are welcome to apply
- Experience with both therapy and assessment for children and/or adolescents, and working with families/parent consultation
- High level of computer proficiency including electronic record keeping, video conferencing, with ability to learn new systems
- Excellent analytical and flexible problem-solving abilities
