

Hire a UofT co-op student for Summer 2021!

Did you know that hiring co-op students from the University of Toronto Scarborough's Arts & Science program is an affordable way to fill *your* summer positions?

For the research that needs to get done, the lab work requiring an extra pair of hands, or all those pending administrative tasks, we have skilled undergraduate students who are eager to pitch in. Our specialized co-op students can assist with psychological research, data analysis, technical writing, experimental design, laboratory support, full-stack development, social media branding, and more!

With 35 academic programs to recruit from, including Neuroscience, Psychology, Mental Health Studies, and Population Health, pick out the right candidates for you! Our students learn from experts, gain hands-on lab experience and complete extensive career training through co-op exclusive courses before starting their first work term. With these skills, previously secured positions have included *Research Assistants, Lab Assistants, Project Management Assistants, Developers* and more.

We support 4-, 8-, and 12-month work terms with flexible recruiting and NO posting deadlines. [Hiring with us](#) is as easy as 1, 2, 3:

- 1) Send us a job description,
- 2) Interview your ideal candidates,
- 3) Let us know your final decision. We take care of the rest!

With the Summer 2021 work term quickly approaching, now is the time to start looking for your perfect candidate from UofT Scarborough's Arts & Science Co-op program.
