
Position: Psychologist
File #: 2021-20798
Status: Part Time (1)
Dept/Program: Child and Adolescent Mental Health Services
Site: Credit Valley Hospital
Posted: April 8, 2021
Internal Deadline: April 15, 2021
Deadline: Open until filled

Trillium Health Partners (THP) is one of the largest community-based acute care facilities in Canada. Comprised of the Credit Valley Hospital, the Mississauga Hospital and the Queensway Health Centre, Trillium Health Partners serves the growing and diverse populations of Mississauga, West Toronto and surrounding communities and is a teaching hospital affiliated with the University of Toronto.

Our Mission: A New Kind of Health Care for a Healthier Community

When we set out to build our vision and future, we connected with our community - patients, families, visitors, physicians, staff and volunteers. The foundational goals of our new strategic plan - quality, access and sustainability - anchor everything we do. Our mission for a new kind of health care is built on an inter-connected system of care organized around patients - inside and outside the hospital.

At THP, we are relentless in providing high quality, compassionate care to our communities and take great pride in fostering an inclusive and accessible environment and we are all accountable for contributing to a healthy, safe and respectful environment for healing and promoting excellence in patient care though advancing patient and staff safety. If you are passionate about what you do, motivated to improve the health of the community, committed to excellence, quality and patient safety we would like you to join our Better Together team!

Position Summary:

- Functions as an integral member of the inter-professional team by providing psychological assessment, testing and treatment in an outpatient setting to children, adolescents and their families
- Has extensive experience in group psychotherapy
- Is willing to work one evening per week as per clinic needs

Key Qualifications:

- Registered Psychologist, Registered with the College of Psychologists of Ontario
- Experience working with children and adolescents with psychiatric problems, and their families
- Experience in psychological testing of children and adolescents with psychiatric problems and in providing feedback to families
- Experience in providing a range of treatment approaches, including cognitive behavioural therapy, to children, adolescents (and their families) with psychiatric disorders
- Experience in providing consultation and supervision in cognitive behavioural therapy and other treatment modalities to staff on the inter-professional team
- Thorough knowledge of child and adolescent development, family dynamics and systems
- Excellent interpersonal, communication and organizational skills combined with the ability to work independently and as part of an inter-professional team
